

WET ROOM PANELS

FINISH: Celtic Silver/Chrome

FRAME: High-lustre anodised aluminium with chrome plated details

GLASS: Straight, 8mm Clear toughened safety glass (BS6206A/EN12150-1)
Curved, 6mm Clear toughened safety glass

HEIGHT: Without Deluge 2040mm, with Deluge 2112mm

FEATURES:

- Series AS/AC Wet Room Panels are supported with a chrome brass arm assembly, delivering mixed water to the 300mm Deluge shower head and solid Absolute hand shower from the thermostatic Swadling shower mixer
- Unique concealed adjustment enables panel to be positioned between 800mm and 1000mm from the back wall
- Absolute Curved Panels also feature a special hinge which enables the opening to be adjusted between 500 and 850mm during installation, see illustration
- Six body jets and twin outlet Swadling shower mixer available to order
- The Wet Room Panels can be positioned on a tiled floor and the Straight Panel can be installed with a shower tray
- Consideration should be given to water drainage, especially outside the shower tray area as water may spay beyond the panel/shower tray

ADDITIONAL INFORMATION:

STRAIGHT:

- Suitable for *left hand* or *right hand* fitting (if ordered with Matki Glass Guard, specify *left hand* or *right hand*). Available with optional 1200 x 900mm shower tray complete with teak decking

CURVED:

- Curved Panel is handed. Please specify *left hand* or *right hand*; see illustration
- The Matki Wet Room Panels come in a choice of pack option:
- Series ASP and ACP Consists of Wet Room Panel only with either Straight or Curved toughened Safety Glass Panel and brace bar stability support
- Series ASE and ACE as above but with the Matki Elixir concealed thermostatic shower mixer model EX5/O and slide rail with soft spray handset and flexible hose complete with wall outlet. As model EX006/O/SF - shown left all included in the Special Pack Price
- Series AS/AC these top specification Wet Room Panels come complete with Swadling Absolute concealed thermostatic shower mixer, Absolute hand shower and overhead support with 300mm Easy Clean Deluge Shower Head*, diverter and Glass Shelf Matki Glass Guard Easy Clean protection is available as an option. Body jets, controlled by a twin outlet Swadling Absolute Mixer, are also available - please consult your Matki Dealer

* On Series AS/AC The 300mm Deluge shower head is specially matched to the Matki Swadling shower mixer and the Deluge shower will perform best with minimum 1 bar water pressure system
